Leintwardine Endowed CE Primary School Learning Journey Key

'Letting Our Light Shine'
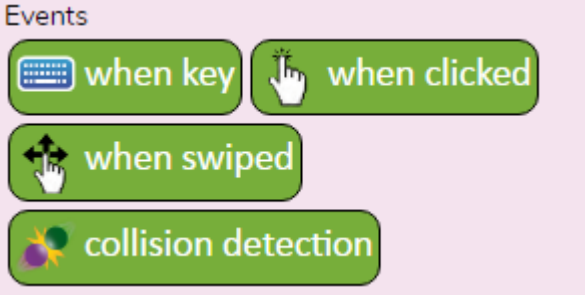

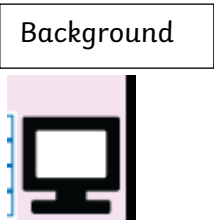

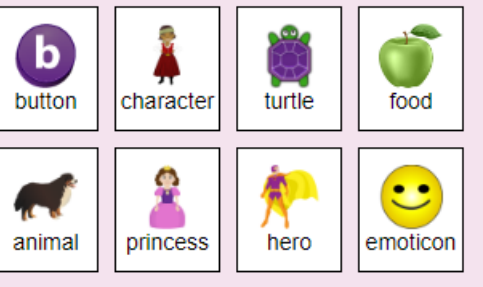

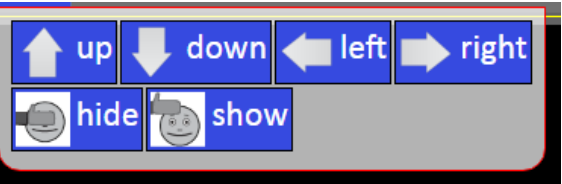

SUBJECT : Computing	YEAR : A	TERM : Summer 1	YEAR GROUPS : 1/2

Key Question: How can I make simple computer programs?

Question	Vocabulary to Use	Information which will help me	Can I....?
Can I predict what a computer algorithm will do?	predict algorithm object action event execute background plan design		predict what an algorithm will do?

write my own simple programs using objects, actions and events?

make different blocks of code execute at different times?

change the background to enhance my program design? |
Can I use **object** and **action** blocks to write a program of my own?			
Can I control an action using an **event** block?			
When does my code **execute**?			
Can I create a **background** for my program?			
Can I use a **plan** to **design** my own computer program?
